E3, London 📍

*I am a highly motivated Front End Developer who is passionate about creating rich user interfaces and interactive web applications. I strongly believe in the importance of writing clean code that is easy to document, maintain and reuse.*

---

## Work experience

Since June 2019

**Front End Developer** Noble London, United Kingdom

- Develop new user-facing features both for web-app and Electron applications using React, Redux and Apollo.
- Migrate the codebase from class based to functional components with React Hooks.
- Migrate style libraries from global SCSS/Bootstrap to a modern and modular style architecture using CSS Modules and CSS-in-JS.
- Build reusable code and libraries for future use.
- Ensure the technical feasibility of UI/UX designs.
- Promoted to Mid-Level Developer after 3 months of joining.

From November 2018 to  
June 2019

**Junior Developer** London Borough of Hackney London, United Kingdom

- Designed the front-end of the Developer API Hub using Angular 7, SCSS and TypeScript.
- New features to adhere to the GOV.UK Design System standards.
- Test Driven Development of RESTful APIs endpoints using C# .NET Core 2.1.
- Worked with different stakeholders and presented demos and products to large audience.

From September 2016 to  
November 2018

**Project Officer** London Borough of Hackney London, United Kingdom

- Planning, leading and delivering on Borough wide resident sustainment initiatives.
- Working with partnering services and organisations to develop and deliver awareness-raising programmes relating to resident sustainment for audiences of staff and residents.

From November 2015 to  
September 2016

**Support Worker** Look Ahead Care and Support London, United Kingdom

- Helped and supported vulnerable adults with a wide range of needs.

From March 2013 to  
September 2014

**Assistant Psychologist** ASL Napoli 1 Sorrento, Italy

- I conducted assessments and treatment to patients mainly in within personality disorder spectrums, psychosis and eating disorders.

---
